BRACKET PRO SERIE® 112

MOUNTING SYSTEM FOR THE GETINGE® CARDIOHELP SYSTEM® ECMO DEVICE

SAFETY AND FLEXIBILITY WHERE IT MATTERS MOST

The Bracket Pro Serie® 112 is designed to secure the Cardiohelp System during Critical Care Transport. It is tested in compliance with the highest industry safety standards.

The Bracket Pro Serie® 112 provides quick installation and removal of the medical device. It allows for multiple mounting configurations on surface, stretcher and carts.

At Technimount EMS, we understand that EMS and Critical Care Transport teams need solutions that they can rely on. We design and develop quality mounting systems which are safe and flexible, allowing you to concentrate on what matters most- patient care.

TECHNICAL SPECIFICATIONS

Product Name	Bracket Pro Serie® 112
Product Description	Mounting System for the Getinge Cardiohelp System ECMO Device
Compatibility of Medical Device*	Getinge® Cardiohelp System®
Environment of Usage	CCT (Ground) – Hospital/Clinic
Product Section Material	<ul style="list-style-type: none">• Main Assembly: Aluminum 6061-T6 and Acetal• Anti-Rotation Standard Disc: Aluminum 6061-T6
Product Finish	<ul style="list-style-type: none">• Main Assembly: Silver-Anodized Finish• Anti-Rotation Standard Disc: Silver-Anodized Finish
Environmental Regulations	Complying with RoHS 3
Temperature of Usage	-31° F to 113° F (- 35° C to 45° C)
Certification	Tested in compliance with: <ul style="list-style-type: none">• SAE J3043• AMD-028 (Vertical Load)
Installation	Device Retained on Main Assembly with Red Quick Release Mechanism
Attachment Options	Anti-Rotation Surface Disc
Transportation System Compatibility	Compatible with Technimount's: <ul style="list-style-type: none">• Standard Surface Base• Extended Surface Base
Features	<ul style="list-style-type: none">• Access to all Medical Device Monitors, Connectors and Accessories• Red Quick Release Mechanism for Easy Installation and Removal of Medical Device
Physical Overall Dimensions	Width 16.52 in (41.96 cm), Depth 9.67 in (24.56 cm), Height 3.48 in (8.84 cm)
Weight	4.74 lb (2.15 kg)
Safe Working Load	32 lb (14.5 kg)
Part Number	2410-10-MQCH
Other Models and Configuration Options	Contact Technimount EMS for more information or for other options at customerservice@technimount.com

YOUR SAFETY IS OUR PRIORITY

FEATURES

- ✓ Designed to secure the ECMO device during Critical Care Transport
- ✓ Red Quick Release Mechanism for installation and removal of the ECMO device on the bracket
- ✓ Anti-Rotation Standard Disc to support multiple mounting configurations on surface, stretcher and carts
- ✓ Made from highly resistant aluminum with silver-anodized finish
- ✓ Tested in compliance with the highest industry standards, SAE J3043

BENEFITS

- + Ensures the ECMO device is retained into required position according to protocols
- + Quickly install and remove the medical device from the bracket for transfer and maintenance
- + Access to medical device at all times; no interference with device connectors and wires
- + Resistant to biological fluids and broad range of disinfectant solutions for easy cleaning
- + Reduces risks of damage to the equipment and ensures the safety of patients and crew during EMS and Critical Care transport
